Empowering Civil Defense with Effective Disaster Management Technologies

Submission deadline : **February 5th, 2024**

Himaya Innov'Days 2024 invites Algerian researchers, scientists, engineers, and innovators to submit posters showcasing cutting-edge technologies aimed at revolutionizing civil defense response in times of disasters. The poster can describe existing published research or new work that fits within the specified areas of interest. Submissions must be plain justified in 10pt character size, formatted to fit A4: 21 x 29.7 cm, and include the title, author(s), affiliation, e-mail, and the identity of the presenter (in case of a multi-authored poster), followed by an abstract text (at most 200 words). A standard .pdf file must be received by **February 5th, 2024** in order for your submission to be considered. All submissions should be sent by email to: himaya-innov@cerist.dz

Himaya Innov'Days 2024 event is seeking relevant contributions, mainly in the fields of **Artificial Intelligence (AI), Internet of Things (IoT), Big Data, Robotics,** and **Drones** to address the pressing challenges faced before, during or after natural or man-made disasters. The focus areas include: Forest fires, Flooding, Earthquakes, other Natural and Technological risks, as well as Psychological support for disaster victims.
